

How To Pay It Forward In AIOP

Give your prospect their first month free and get paid commission on your Gift to them

You can Give your prospect a first month's free membership and cost you only \$1.50 as a net cost. This PDF shows you the details.

First understand that you can purchase PIF Tickets (Gift certificates, if you will) to give away. The purchase price is \$11.50 each but when your prospect redeems it, you get your normal \$10 commission. Be aware that any person who joins from your certificate stays or is kept in your account by the odd/even rule of passup. In other words, If your back office says you keep the next referral when your prospect redeems the ticket you get the commission, but if the prospect redeems at the point that the next referral is passed up, your upline gets the commission.

To purchase PIF tickets, log in and put your cursor over Referrals, then click on PIF Tickets

PIF Tickets

Ticket number	Level	Bought on	Used by	used on (no means it not used yet)
886058	Basic	2016-09-01 11:51:59	global888	2016-09-01 12:00:04

You can use the ticket number to give away to a (new) referral, use it in an email, or use the special gift splash page. It will show your username and the ticket code.

If you not have anny codes left the 2 botom lines won't show annymore, but the join button still will have your link (so you not lose your advertise credits).

The (new) member can use the ticket to pay for one month

Previous purchases are shown in the formand as you can see, my previous purchase has been used. This account has no tickets to give away.

When you scroll down the page to the purchase area you will see:

You can buy PIF tickets to give to your referrals.
After you have bought a PIF ticket a code will show up on this page.
You can give this code to a referral. He can pay for month with it.
Or you can give the ticket away to someone else so his referrals can use it.
Or use the special gift splash page. It will show your username and the ticket code.
If you do not have any codes your username and the ticket code won't show,
but the join button still will have your link (so you won't lose your advertisement credits).

The (new) member can use the ticket to pay for one month

Note that Tickets not redeemed show as green with a NO in the used column and that the join link is shown to send to your prospect.

I recommend that you send your prospect the link and also my “How to Redeem” pdf that is located at <http://Ez-As-ABC.com/PIFTicket.pdf>

I have found that when I send a prospect just the gift url, they fail to see the code number for redemption. So I have created the “How to Redeem” pdf to take care of that confusion.

That's all there is to buying and using PIF tickets.

Thank You,

Dave Fullmer
